MEMORANDUM

TO: Non-Profit Licensed EMS Agencies

FROM: Virginia Office of Emergency Medical Services *WJR*

SUBJECT: Nasal Naloxone for EMS Agencies (NNEA) - Spring 2021 Cycle Announcement

The Virginia Office of Emergency Medical Services (OEMS) is announcing a NO COST grant opportunity for licensed EMS agencies to receive nasal naloxone from March 01 to August 31, 2021. Nonprofit licensed EMS agencies residing in and serving Virginia are eligible to apply for nasal naloxone through this program. Only certified EMS personnel may administer naloxone awarded through this grant opportunity.

Eligible applicants must have either a Controlled Substance Registration (CSR) or written authorization for the shipment of naloxone from their Operational Medical Director (OMD). Applicants must also submit an address to ship the naloxone, and a phone number for their drug enforcement agent (DEA). Regional project applications must include a list of each EMS agency involved in the grant application and signed memorandum of understanding (MOU). OEMS bases the amount of naloxone awarded on the number of transport units reported in an applicant's fleet.

- Applications must be submitted through the EMS-Grant Information Funding Tool (E-GIFT). The NNEA User Guide available on the OEMS website at:
<https://www.vdh.virginia.gov/oems/Agency/Grants/index.htm>
- Applications must be received through E-GIFT with all appropriate e-signatures by the application deadline, **August 31, 2021.**

FOR MORE INFORMATION, please check the OEMS website:
